**WARN NOTICE
RECEIVED****JUN - 2 2009****DISLOCATED WORKER UNIT****Notice of Plant Closing: MultiServ Operations, Indiana Harbor-East Facility**

Dear Mayor Pabey, Mayor Stahura, and Ms. Long:

We regret to inform you that Harsco Metals ("MultiServ") will discontinue its operations at the Arcelor Mittal Indiana Harbor East Facility- MultiServ Plant #11 (the "Plant"), located at 3236 Watling Street, East Chicago, Indiana 46312. MultiServ is currently a service provider to Arcelor Mittal, and our services will end on July 31, 2009.

Within the 14-day period beginning July 31, 2009 all 92 employees at the Plant will be terminated in connection with this total plant closure, which we expect to be permanent. A list of the affected positions with the number of employees in each classification is enclosed. Note that this list also includes employees who are currently on layoff with recall rights who will now be permanently separated.

Given that this is a complete closure of our operations at the Plant, bumping rights will not impact which employees will experience an employment loss. However, bumping rights may have some impact on the order or the terminations within the two-week window beginning July 17, 2009. The International Union of Operating Engineers, Local No. 150 is the Union that represents some of the affected employees at the facility. Contact information for the Union is as follows:

James Sweeney, President
Kevin Tully, Business Representative
International Union of Operating
Engineers, Local No. 150
2193 West 84th Place
Merrillville, IN 46470

If you have any questions regarding this notice or the plant closure, you may contact me at (724) 741-6615.

Sincerely,

Human Resource Manager
Jamie L. Heil
